Historical Note:

Joshua Slocum was born on February 20, 1844 in Wilmont, Nova Scotia, Canada. Slocum grew up in community that lived on or near the water. As a result boats were the common and easiest means of communication and he became proficient at a young age. He left Nova Scotia at the age of 16 in search of adventure on the high seas. Joshua Slocum is best known for the fact that he is the first person to sail single-hand around the world. Slocum left Vineyard Haven on April 24, 1895 and completed his journey on June 27, 1898. This made Slocum a world celebrity. He was not as popular on Martha's Vineyard because he was not born here and called an "off-islander" by most of the native inhabitants. In 1909 Slocum left Vineyard Haven in search of the Amazon and was never seen or heard from again by most accounts.

Scope and Content Note:

The Joshua Slocum collection consists of article clippings from different voyages that he made. The location to the Slocum homestead is also enclosed. There is also, several book or pamphlets written by other authors about Slocum and his journeys. A small amount of correspondence is from Joshua Slocum. There is also a 1901 publication of the pamphlet *Sloop Spray* Souvenir. The pamphlet was a compilation of materials put together by Henrietta Slocum. The souvenir pamphlet also contains a swatch of Slocum's original sail. There is an original photograph of the *Spray* in Menemsha. It is dated June 1903. See photo file 810 AA for original.
